

SCHOOL SPORT CALENDAR 2024

Dear Parents,

For 2024 we have currently entered into the sporting events listed below. These events are a great opportunity for us as parents and teachers to work with students in a different setting. We also know that there are a lot of passionate and qualified people in our community, as such, we are seeking volunteers to accompany or play a role. These roles may include coaching, team managing, scoring, and transporting students for our various sporting events across the year. The dates listed may change slightly however will be communicated closer to the events. *You will require a Working with Children Check.*

Please return by **Friday 9th February** with the events you think you may be able to assist within the column below stating what role you would potentially be happy to take on.

Please note that you are more than welcome to show your interest in the event once it arrives even if not originally stated

Kind Regards,
Leah Carling
